## Redox Range of Products

- All Purpose Renovator  
Oven Cleaner  
Heavy Duty Cleaner  
Oven Hood / Air Con Filter Cleaner  
Steam Cleaning Compound  
Bleaching Agent  
Low Foam Wax Stripper  
Liquid Rig Wash  
Wax Stripper  
Chiller Coil Cleaner  
Water Base Tank Cleaner  
Alkaline Liquid Drain Opener  
Rig Wash Powder  
Alkaline / Acid Ultrasonic Cleaner  
Paste Waterless Hand Cleaner  
Oil Spill Dispersant  
Fast Dry Electrical Cleaner  
Medium Dry Electrical Cleaner  
Carpet Spot & Stain Remover  
Gel Waterless Hand Cleaner
- Perfume Waterless Hand Cleaner  
Coating Solvent  
Electronic Cleaner  
Heavy duty water-based ink remover  
Oil & Grease Emulsifier  
Phenol Free Paint Stripper  
Rinse Additive
- Heavy Duty Tank Cleaner  
Heavy Duty Glue & Tar Remover  
Air Cooler Cleaner  
Engine Flushing Oil  
Solvent Base Decarbonize  
Anti Freeze  
Multi Purpose Grease  
Stainless Steel Cleaner  
Neutral Drain Opener
- Fuel Oil Additive  
Cooling Tower Treatment  
High Temperature Radiator Coolant  
Corrosion Inhibitor
- Carpet Shampoo  
Auto Dish Wash  
Multi Purpose Cleaner  
Residual Odour Eliminator  
Dish Washer  
Liquid Extractor  
Aircraft Exterior Cleaner  
Germicidal Cleaner  
Liquid Hand Soap  
Pine Disinfectant Cleaner  
TP / Multi Purpose Cleaner  
Lotion Hand Soap
- Deodorise Tablet  
Non Rinse Sanitizer  
Telephone Cleaner  
Fabric Softener  
Glass Cleaner  
Car Park Tyre Mark Cleaner  
Car Shampoo  
Multi Detergent  
Heavy Duty Liquid Laundry Detergent  
Ammoniated Cleaner  
Lemon Disinfectant Cleaner  
General Purpose Cleaner  
Air-Freshener  
Tobacco Odour Remover  
Hair and Body Shampoo  
Cologne / Air Freshener
- Air Con Coil Cleaner  
Cement Remover & Tiles Cleaner  
Toilet Bowl Cleaner  
Brick & Tiles Cleaner  
Rust Remover  
Scales & Oxide Remover  
Safe Acid Descale  
Aluminium Cleaner  
Mosaic Cleaner  
Carbon & Varnish Remover  
Paint & Rubber Remover  
Heavy Duty Paint Stripper  
Multi Purpose Acid Cleaner  
Drain Opener  
Marble Stain Cleaner  
Stainless Steel Burnwork Remover
- Non Selective Weed Killer  
Insect Spray  
Mosquito and Larva Insecticide  
Selective Weed Killer
- Rust Preventive Film  
Cold Galvanize  
Clear Acrylic Lacquer  
Concrete Sealer  
Rust Preventive Coating  
Peelable Vinyl Coating  
Standard Resin & Activator  
Floor Wax  
Clear Coat  
Expoxxy Coating  
Silicone Mould Release  
Rust Convertor  
Ballast Tank Coating  
Pipe Coating  
Penetrating Oil
- All kinds of Reagents / Laboratory Chemicals

# GENERAL INDUSTRIES GUIDE

## Factories, Car Workshops, Air-Con Contractors, Chemical Traders etc

### REDOX LIQUID HAND CLEANER

Contains a blend of dirt and grease cutting agents in a gentle blend of surfactants and softeners designed to clean hands easily and quickly. Flows easily and is recommended for use in all hand soap dispensers. Rinses easily and completely. Redox liquid hand cleaner has a pleasant lemon fragrance. Available in 5 litres, 25 litres, 30 litres, 210 litres.

### REDOX MULTI-PURPOSE DETERGENT

Redox multi-purpose detergent is an all purpose detergent designed for a wide variety of uses. Safe for all surfaces not harmed by water. A most widely used product on every ship for cleaning of dishes, tabletops, cabins, oil floors, walls etc. Non-flammable, non-toxic, non-corrosive and it is safe on human skin. Specially packed in 18 litres tin and economically priced.

### REDOX OVEN CLEANER

A specially formulated concentrated cleaner designed to chemically loosen common kitchen soils, both alkaline and acid based, in ovens, grills, oven hoods, splashwalls, countertops, meat blocks, filter, exhaust ducts, etc. Removes baked-on carbon, adhesives, coffee and other food stains, mineral deposits, rust, etc. Also for use in cleaning deep fryers. Available in 20 oz. aerosol and in 30 litres and 210 litres.

### REDOX HEAVY DUTY CLEANER

Truly a product with a thousand and one uses. In mild dilutions, such as two ounces per gallon of water, use for cleaning ceramic tiles, plastic laminated surfaces, appliances, finished woodworks, etc. In slightly stronger solutions, Redox heavy duty cleaner is ideal for cleaning air conditioning filters, lavatory basins, shower stalls, floors, walls, vehicles, electric motor shells, etc. Use straight or in 1 to 4 solutions for cleaning and degreasing oven hoods, stripping old wax, welding equipment, etc. Non-flammable. Non-corrosive. Available in 55 gallons, 35 gallons, 7 gallons and 6-1 gallons.

### REDOX PASTE WATERLESS HAND SCRUBBER

Redox paste waterless hand scrubber is designed to remove ground in grime, grease and paint from hands. Pumice particles provide the mechanical action needed to loosen the most tenacious dirt and stubborn grime from soiled hands. Redox paste waterless hand scrubber contains lanolin to protect and condition chapped skin. Available in 20 litres.

### REDOX FAST DRY SAFETY SOLVENT

Redox fast dry safety solvent is an excellent safety solvent for cleaning and degreasing electric motors, equipment, gears, chains, generators, starters, engines, etc. Non-flammable. Very low toxicity. Degreases instantly and leaves no residue. 32,000 volts dielectric strength. May be used to clean electric motors while motors are in operations. Dries quickly. Available in 24-16 ounces, aerosols, 30 litres and 210 litres.

### REDOX GEL WATERLESS HAND CLEANSER

A multi-purpose hand gel, effectively cleans heavy soils, greases, oil etc. Contain antiseptic properties effective against a wide spectrum of bacteria and chemical deposits. Formulated with hydrocarbon solvent surfactants and fragrance. Available in 20 litres.

### REDOX OIL & GREASE EMULSIFIER

Redox oil & grease emulsifier is designed for cleaning and degreasing oil and grease on docks, pilings, walkways and other areas. Also effective for dispersing floating oil slicks by making the oil or grease water soluble. Redox oil & grease emulsifier is also an effective bilge cleaner. Self-emulsifying, it rinses easily with water. Available in 210 litres, 30 litres.

# GENERAL INDUSTRIES GUIDE

Factories, Car Workshops, Air-Con Contractors,  
Chemical Traders etc.

## REDOX COLD GALVANIZER

Redox cold galvanizer is a 95% zinc rich cold galvanized formulation designed for rust proofing any metal surface. Provides long-term protection against rust and corrosion, and it may be painted over if desired. Vital for touching up previously galvanized surfaces which have received nicks, scratched or other wear and tear. Non-flammable.

## REDOX RUST PREVENTIVE-FILM

Redox rust preventive-film is a clear, wax-based rust preventive film which bonds to metal surfaces to seal out oxygen and prevent rust and corrosion. Ideal for medium term protection of parts, pipe and other items in storage of transit. Requires only minimum surface preparation. Sandblasting not required. Does not become brittle, may be used to coat flexible tubing and similar items. When desired, it can be easily removed with any light petroleum solvent such as mineral spirits. Available in 24-16 ounces, aerosol and in 25 litres, 30 litres, 210 litres.

## REDOX RUST PREVENTIVE COATING

Redox rust preventive coating provides 7 to 10 years of protection against rust and corrosion, even under the most severe atmospheric applications. Seals pores with a unique micro-crystalline wax-based formulation to prevent oxygen penetration. Dries hard to the touch, yet is not brittle. May be applied to flexible tubing. Easily removed when desired with mineral spirits. Available in black in 24-20 ounces, aerosol and in 25 litres, 30 litres, 210 litres.

## REDOX PEELABLE VINYL COATING

Blue rubbery film that provides quick protection for any NONPOROUS surface against scratches, corrosion. No solvents required for removal. Coating quickly "Peels" off from the coated surface, leaving a clean surface. Any desired film thickness is easily attained with repeated coats. Available in 210 litres drum or 30 litres jerrycan.

## REDOX EPOXY COATING

It is a simple to use product by just mixing the hardener and base together, for protective coating on damage floors, warehouse floors against heavy traffic. It resist acids, caustic, etc. It won't shrink or crack after cures in 72 hours. Available in 5 litres steel container.

## REDOX RUST CONVERTER

Redox rust converter contains complexing agent for iron ions, with which rust is converted into a stable iron compound. The iron ions are formed by the catalytic action of a small quantity of weak organic acid. The stable converted coat guarantees good adhesive for paint. Redox rust converter replaces old conventional ways of treating rusty metal surface for recoating, found in maintenance and repair workshop..

## REDOX BALLAST TANK COATING

Redox ballast tank coating is a specially designed coating for ballast tanks which permits easy application either by spray or flotation methods. Minimum surface preparation required. Particularly recommended when ballast tank structure precludes accessibility for spraying. Flotation method provides a uniform, thin layer of protection against rust and corrosion. Available in 210 litres.

## REDOX RUST REMOVER

An all purpose acid-type cleaner used in industry to clean and descale water lines to remove mineral deposits from pipes and tubes, to remove rust from metal surfaces and other similar specialized cleaning applications. Also recommended for preparing metal surfaces prior to painting. No muriatic acid. Safer and easier to handle than muriatic acid-based cleaners. A 1 to 20 solution is recommended for general cleaning. Available in 210 litres.

# GENERAL INDUSTRIES GUIDE

Factories, Car Workshops, Air-Con Contractors,  
Chemical Traders etc.

## REDOX LIQUID HAND CLEANER

Contains a blend of dirt and grease cutting agents in a gentle blend of surfactants and softeners designed to clean hands easily and quickly. Flows easily and is recommended for use in all hand soap dispensers. Rinses easily and completely. Redox liquid hand cleaner has a pleasant lemon fragrance. Available in 5 litres, 25 litres, 30 litres, 210 litres.

## REDOX HEAVY DUTY CLEANER

Truly a product with a thousand and one uses. In mild dilutions, such as two ounces per gallon of water, use for cleaning ceramic tiles, plastic laminated surfaces, appliances, finished woodworks, etc. In slightly stronger solutions, Redox heavy duty cleaner is ideal for cleaning air conditioning filters, lavatory basins, shower stalls, floors, walls, vehicles, electric motor shells, etc. Use straight or in 1 to 4 solutions for cleaning and degreasing oven hoods, stripping old wax, welding equipment, etc. Non-flammable. Non-corrosive. Available in 55 gallons, 35 gallons, 7 gallons and 6-1 gallons.

## REDOX SCALES AND OXIDE REMOVER

A concentrated exhibited acid formulated for descaling of equipment made of brass, copper, iron and steel, dissolves all types of scales found in steam boilers, hot water generators and cooling condensers. Redox scales and oxide remover is a blend of inorganic chemical with special inhibitors which are harmless to ferrous metal and paints. Available in 30 litres and 210 litres.

## REDOX ALUMINIUM CLEANER

A powerful acid-based cleaner specially developed for cleaning and brightening trailer trucks, but widely used on all aluminium components when proper protection can be taken against acid damage.

Fast acting, 1 to 40 solution in water is recommended for light soils. Eliminates rubbing and scrubbing. Leaves a bright, clean passivated surface. Helps prevent future oxidation. Highly recommended for renovating external coils.

## REDOX CARBON & VARNISH REMOVER

Specially develop to tenacious carbon deposits, will also remove many types of paint schemes and is also capable of removing some rubbers from mould specially when these are aluminium. Available in 30 litres and 210 litres.

## REDOX HEAVY DUTY PAINT STRIPPER

Most highly regarded, is that a cold stripping properties allow removal of all normal convertible coating by purely swelling the paint film and then be removed as flakes. Redox heavy duty paint stripper is safe on wood and metal surface. Available in 30 litres and 210 litres.

## REDOX AIR-CON COIL CLEANER

Redox air-con cleaner is widely used as a coil renovator for cooling coil in wall and remote cooling units in ceilings as well as refrigeration chiller coils. Redox air-con cleaner penetrating action cleans chiller coils to restore cooling efficiency.

# MARINE OIL & GAS FIELD PRODUCTS

## REDOX OIL SPILL DISPERSANT

Redox oil spill dispersant is designed for cleaning and degreasing oil and grease on docks, pilings, walkways and other areas. Also effective for dispersing floating oil slicks by making the oil or grease water soluble, is also an effective bilge cleaner. Self-emulsifying, it rinses easily with water. Available 30 litres and 210 litres drum.

## REDOX FAST DRY SAFETY SOLVENT

Redox fast dry safety solvent is an excellent safety solvent for cleaning and degreasing electric motors, equipment, gears, chains, generators, starters, engines, etc. Non-flammable. Very low toxicity. Degreases instantly and leaves no residue. 32,000 volts dielectric strength. May be used to clean electric motors while motors are in operation. Dries quickly.

## REDOX GEL WATERLESS HAND CLEANSER

A multi-purpose hand gel, effectively cleans heavy soils, greases, oil etc. Contain antiseptic properties effective against a wide spectrum of bacteria and chemical deposits. Formulated with hydrocarbon solvent surfactants and fragrance. Available in 20 kgs.

## REDOX OIL & GREASE EMULSIFIER

Redox oil & grease emulsifier is designed for cleaning and degreasing oil and grease on docks, pilings, walkways and other areas. Also effective for dispersing floating oil slicks by making the oil or grease water soluble. Redox oil & grease emulsifier is also an effective bilge cleaner. Self-emulsifying, it rinses easily with water. Available in 210 litres, 30 litres.

## REDOX RUST-REMOVER

An all purpose acid-type cleaner used in industries to clean and descale water lines, to remove mineral deposits from pipes and tubes, to remove rust from metal surfaces and other similar specialized cleaning applications. Also recommended for preparing metal surfaces prior to painting. No muriatic acid. Safer and easier to handle than muriatic acid-based cleaners. A 1 to 20 solution is recommended for general cleaning. Available in 30 litres and 210 litres.

## REDOX SCALES AND OXIDE REMOVER

A concentrated exhibited acid formulated for descaling of equipment made of brass, copper, iron and steel, dissolves all types of scales found in steam boilers, hot water generators and cooling condensers. Redox scales and oxide remover is a blend of inorganic chemical with special inhibitors which are harmless to ferrous metal and paints. Available in 30 litres and 210 litres.

## REDOX CARBON & VARNISH REMOVER

Specially develop to remove tenacious carbon deposits, will also remove many types of paint schemes and is also capable of removing some rubbers from mould specially when these are aluminium. Available in 30 litres and 210 litres.

## REDOX HEAVY DUTY PAINT STRIPPER

Most highly regarded, is that a cold stripping properties allow removal of all normal convertible coating by purely swelling the paint film and then be removed as flakes. Redox heavy duty paint stripper is safe on wood and metal surface. Available in 30 litres and 210 litres.

## REDOX FUEL OIL ADDITIVE

Redox fuel oil additive is a multi-functional additive for fuel oils, including No.1 through 6, designed to reduce problems involved in the transport, storage and combustion catalysts and corrosion inhibitors. Recommended dosage is one gallon per 4,000 to 7,500 gallons of No.6 fuel oil, with dosage decreasing to one quart per 4,000 gallons of No.2 oil. Available in 210 litres drum and 30 litres pail..

## REDOX AIR COOLER CLEANER

Redox air cooler cleaner is designed for continuous "in-line" cleaning during sea voyages of diesel engine air coolers and scavenge trunk systems. It saves time, maintenance cost and avoids risk of damage coolers fins when dismantling. Diluted in water.

# CONSTRUCTION GUIDE

HDB Building Contractors, Private Building Contractors,  
Building Contractors etc.

## REDOX COLD GALVANISER

Redox cold galvaniser is a 95% zinc rich cold galvanized formulation designed for rust proofing any metal surface. Provides long-term protection against rust and corrosion, and it may be painted over if desired. Vital for touching up previously galvanized surfaces which have received nicks, scratches or other wear and tear. Non-flammable.

## REDOX CONCRETE SEALER

A clear, hard chemical-resistant concrete sealer designed for sealing concrete, bricks, plaster, quarry tile, terrazzo, stone, metal, aluminium or wood surfaces. Excellent resistance to abrasion, weather, salt spray, oxidation, acid, fumes, etc. Stops cement dusting. Seals against spillage stains. One coat seals and hardens. No etching required.

## REDOX PEELABLE VINYL COATING

Blue rubbery film that provides quick protection for any NONPOROUS surface against scratches, corrosion. No solvents required for removal. Coating quickly "Peels" off from the coated surface, leaving a clean surface. Any desired film thickness is easily attained with repeated coats. Available in 210 litres drum or 30 litres jerrycan.

## REDOX RUST CONVERTER

Redox rust converter contains complexing agent for iron ions, with which rust is converted into a stable iron compound. The iron ions are formed by the catalytic action of a small quantity of weak organic acid. The stable converted coat guarantees good adhesive for paint. Redox rust converter replaces old conventional ways of treating rusty metal surface for coating, found in maintenance and repair workshop.

## REDOX CEMENT REMOVER AND TILES CLEANER

Redox cement remover and tiles cleaner is a specially formulated chemical renovator for cleaning and removing masonry splatters and excess cement and mortar stains from floors / walls and mosaics.

Redox cement remover and tiles cleaner may also be used to remove mortar and cement stains, rust and masonry splatters from metal formworks, cement trucks and mixers and other construction equipment.

## REDOX BRICKS AND TILES CLEANER

Redox bricks and tiles cleaner is a specially formulated chemical renovator for cleaning and removing masonry splatters, excess cement and mortar stains from external wall tiles and newly laid bricks.

## REDOX MULTI DETERGENT

Redox multi detergent is an all purpose detergent designed for a wide variety of uses. Safe for all surfaces not harmed by water. A most widely used product on every ships for cleaning of dishes, tabletops, cabins, oil floors, walls etc. Non-flammable, non-toxic, non-corrosive and it is safe on human skin. Specially packed in 18 litres tin and economically priced.

## REDOX GLASS CLEANER

Redox glass cleaner is a specially designed cleaner that cleans glass plus a lot more. It has been formulated to cut through grease, scum, films, lipsticks, and other soils quickly and easily. Little or no rubbing is required. And it leaves behind a protective coating which actually repels new soils. In addition to windows, windshields, display cases and glass doors, it is effective on metal file cabinets, appliances, plastic and ceramic tiles, lighting diffusers and shells, etc.

# INSTITUTIONAL GUIDE

Hotels, Schools, Hospitals, Nursing Homes, Clinics, Restaurants,  
Office Buildings, Retail Stores, Public Buildings, Etc.

## REDOX CARPET SHAMPOO

A foam-type carpet shampoo designed for use with rotary machines and non-electric applicators. Penetrates quickly to loosen soils and hold them in suspension. Dries quickly, depending on carpet thickness, humidity and amount applied. After shampoo, simply vacuum dry residue. Available in 5 litres, 25 litres, 30 litres and 210 litres.

## REDOX PINE DISINFECTANT CLEANER

Cleans, deodorizes and degreases. Recommended for household use, hospitals, hotels and motels, industrial areas, commercial buildings, etc. Cleans and deodorizes bathrooms, garbage cans, refuse bins, grease traps, pet animal areas, driveways, heavily soiled colorfast clothing, etc. Pleasant pine scent. Available in 30 litres and 210 litres

## REDOX GLASS CLEANER

Redox glass cleaner is a specially designed cleaner that cleans glass plus a lot more. It has been formulated to cut through grease, scum, films, lipsticks, and other soils quickly and easily. Little or no rubbing is required. And it leaves behind a protective coating which actually repels new soils. In addition to windows, windshields, display cases and glass doors, it is effective on metal file cabinets, appliances, plastic and ceramic tiles, lighting diffusers and shells, etc.

## REDOX MULTI DETERGENT

Redox multi detergent is an all purpose detergent designed for a wide variety of uses. Safe for all surfaces not harmed by water. A most widely used product on every ships for cleaning of dishes, tabletops, cabins, oil floors, walls etc. Non-flammable, non-toxic, non-corrosive and it is safe on human skin. Specially packed in 18 litres tin and economically priced.

## REDOX HEAVY DUTY CLEANER

Truly a product with a thousand and one uses. In mild dilutions, such as two ounces per gallon of water, use for cleaning ceramic tiles, plastic laminated surfaces, appliances, finished woodwork, etc. In slightly stronger solutions, Redox heavy duty cleaner is ideal for cleaning air conditioning filters, lavatory basins, shower stalls, floors, walls, vehicles, electric motor shells, etc. Use straight or in 1 to 4 solutions for cleaning and degreasing oven hoods, stripping old wax, welding equipment, etc. Non-flammable, Non-corrosive. Available in 55 gallons, 35 gallons, 7 gallons and 6-1 gallons.

## REDOX WAX STRIPPER

Truly a product with a thousand and one uses. In mild dilutions, such as two ounces per gallon of water,

use for cleaning ceramic tiles, plastic laminated surfaces, appliances, finished woodworks, etc. In slightly stronger solutions, Redox wax stripper is ideal for cleaning air conditioning filters, lavatory basins, shower stalls, floor, walls vehicles, electric motor shells, etc. Use straight or in 1 to 4 solutions for cleaning and degreasing oven hoods, stripping old wax, welding equipment, etc.. Non-flammable, non-corrosive. Available in 25 litres, 30 litres and 210 litres.

## REDOX EPOXY COATING

It is a simple to use product by just mixing the hardener and base together, for protective coating on damage floors, warehouse floors against heavy traffic. It resist acids, caustic, etc. It won't shrink or crack after cures in 72 hours. Available in 5 litres steel container.

## REDOX CEMENT REMOVER AND TILES CLEANER

Redox cement remover and tiles cleaner is a specially formulated chemical renovator for cleaning and removing masonry splatters and excess cement and mortar stains from floors / walls and mosaics. Redox cement remover and tiles cleaner may also be used to remove mortar and cement stains, rust and masonry splatters from metal formworks, cement trucks and mixers and other construction equipment.

## REDOX DISINFECTANT BOWL CLEANER

Recommended for use in hospitals, hotels, motels and all types of public and commercial buildings, this bowl cleaner provides four-way action. It cleans, deodorizes, disinfects and descales in one operation. Removes lime, hard water deposits, uric acid salts and various discolorations from toilet bowls, urinals, shower stalls, drinking fountains, bathtubs, wash basins, lavatories, etc.

## REDOX MOSAIC CLEANER

Redox mosaic cleaner is a specially formulated concentrated liquid cleaner and renovator for rapidly loosening and dissolving stubborn soil stains from mosaic floorings. Available in 30 litres and 210 litres.

## REDOX HEAVY DUTY PAINT STRIPPER

Most highly regarded, is that a cold stripping properties allow removal of all normal convertible coating by purely swelling the paint film and then be removed as flakes. Redox heavy duty paint stripper is safe on wood and metal surface. Available in 30 litres and 210 litres.

# GAS & OIL FIELD GUIDE

Petroleum Industries, Oil Rigs, Trading

Companies to Rigs etc.

## REDOX RIG WASH LIQUID

A concentrated, water soluble cleaner, is effective against a wide range of soils. Recommended in light solutions for cleaning woodworks, walls, floors, ceramic tiles, stainless steel, etc., in crew quarters, kitchen areas, etc. In stronger strengths, use as a degreaser too.

## REDOX RIG WASH POWDER

This is an all purpose detergent for use on any surface not harmed by water. Effective in cleaning the dirtiest floors and walls on inland and offshore rigs, for cleaning shower rooms, crew quarters, kitchen areas, enameled surface, countertops and similar locations. Also used for washing clothes. Non-corrosive, low toxicity. Just 1/4 cup per gallon of water is recommended for general cleaning. Available in 25 kilograms bag.

## REDOX OIL SPILL DISPERSANT

Redox oil spill dispersant is designed for cleaning and degreasing oil and grease on docks, pilings walkways and other areas. Also effective dispersing floating oil slicks by making the oil or grease water soluble, is also an effective bilge cleaner. Self-emulsifying, it rinses easily with water. Available 30 litres and 210 litres drum.

## REDOX FAST DRY SAFETY SOLVENT

Redox fast dry safety solvent is an excellent safety solvent for cleaning and degreasing electric motors, equipment, gears, chains, generators, starters, engines, etc. Non-flammable. Very low toxicity. Degreases instantly and leaves no residue. 32,000 volts dielectric strength. May be used to clean electric motors while motors are in operation. Dries quickly. Available in 24-16 ounces aerosols, 30 litres and 210 litres.

## REDOX GEL WATERLESS HAND CLEANSER

A multi-purpose hand gel, effectively cleans heavy soils, greases, oil etc. Contain antiseptic properties effective against a wide spectrum of bacteria and chemical deposits. Formulated with hydrocarbon solvent surfactants and fragrance. Available in 20 litres.

## REDOX RUST CONVERTER

Redox rust converter contains complexing agent

for iron ions, with which rust is converted into a stable iron compound. The iron ions are formed by the catalytic action of a small quantity of weak organic acid. The stable converted coat guarantees good adhesive for paint. Redox rust converter replaces old conventional ways of treating rusty metal surface for recoating, found in maintenance and repair workshop.

## REDOX BALLAST TANK COATING

Redox ballast tank coating is a specially designed coating for ballast tanks which permits easy application either by spray or flotation methods. Minimum surface preparation required. Particularly recommended when ballast tank structure precludes accessibility for spraying. Flotation method provides a uniform, thin layer of protection against rust and corrosion. Available in 210 litres.

## REDOX RUST REMOVER

An all purpose acid-type cleaner used in industry to clean and descale water lines, to remove mineral deposits from pipes and tubes, to remove rust from metal surfaces and other similar specialized cleaning applications. Also recommended for preparing metal surfaces prior to painting. No muriatic acid. Safer and easier to handle than muriatic acid-based cleaners. A 1 to 20 solution is recommended for general cleaning. Available in 30 litres and 210 litres drum.

## REDOX FUEL OIL ADDITIVE

Redox fuel oil additive is a multi-functional additive for fuel oils, including No.1 through 6, designed to reduce problems involved in the transport, storage and combustion of these oils. Contains solvents, combustion catalysts and corrosion inhibitors. Recommended dosage is one gallon per 4,000 to 7,500 gallons of No.6 fuel oil, with dosage decreasing to one quart per 4,000 gallons of No.2 oil. Available in 210 litres drum and 30 litres pail.

## REDOX DRILLING MUD LUBRICANT

Redox drilling mud lubricant is a biodegradable additive designed to eliminate surface foam. Defoams longer than aluminium stearate. Economical in application, with one 30 litres pail required for 200 barrel pit. Severe foaming conditions may require additional defoamer. Available in 30 litres.

## Reagents / Laboratory Chemicals

Acetone	Charcoal Activated	Mercuric Chloride
Adipoyl Chloride	Chromium Chloride, 6-hydrate	Mercuric Oxide, red
Agar Agar, fine powder	Chromium Potassium Sulphate, 12-hydrate	Methylated Spirit
Aluminium Foil	Citric Acid	Mercury Metal
Aluminium powder	Cobalt Nitrate, 6-hydrate	Methanol
Aluminium Ammonium Sulphate, 12-hydrate	Cobalt Sulphate, 7-hydrate	Nickel Chloride, 6-hydrate
Aluminium Chloride	Copper Powder	Nickel Sulphate, 6-hydrate
Aluminium Hydroxide	Copper Foil	Nitric Acid
Aluminium Nitrate, 9-hydrate	Cupric Acetate, 1-hydrate	Oxalic Acid, 2-hydrate
Aluminium Oxide	Cupric Carbonate, basic	Paraffin Oil
Aluminium Potassium Sulphate, 12-hydrate	Cupric Nitrate	Petroleum Spirit
Aluminium Sulphate, 18-hydrate	Cupric Oxide, powder	Phenolphthalein Powder
Aluminon	Cupric Sulphate, anhydrous	Phenolphthalein 1% solution
Ammonium Acetate	Cupric Sulphate, 5-hydrate	Phosphorus Pentoxide (Phosphorus V Oxide)
Ammonium Bifluoride	Cuprous Oxide, red	Potassium Aluminium Sulphate, 12-hydrate
Ammonium Bicarbonate	Dichloromethane (Methylene Chloride)	Potassium Bromate
Ammonium Chloride, 99% , 99.5% , 99.8%	Ethanol	Potassium Carbonate, anhydrous
Ammonium Dichromate	Ethylene Glycol	Potassium Chloride
Ammonium Ferric Sulphate, 12-hydrate	Ferric Nitrate, 9-hydrate	Potassium Chromate
Ammonium Ferric Sulphate, 24-hydrate	Ferric Oxide, red	Potassium Dichromate
Ammonium Ferrous Sulphate, 6-hydrate	Ferrous Sulphate	Potassium Ferricyanide
Ammonium Nitrate	D(+)-Glucose, 1-hydrate	Potassium Iodate
Ammonium Oxalate, 1-hydrate	Glycerol (Glycerin)	Potassium Nitrate
Ammonium Persulphate (Ammonium Peroxodisulphate)	Glycine	Potassium Oxalate, 1-hydrate
Ammonium Sulphate	Hydranal-Composite	Potassium Permanganate
Ammonium Thiocyanate	Hydranal-Coulomat	Potassium Phosphate, 1-basic
Ammonium meta-Vanadate	Hydranal-Solvent	Potassium Phosphate, 2-basic
Iso-Amyl Alcohol	Hydranal-Water Standard	Potassium Sodium Tartrate, 4-hydrate
Aniline Blue, water soluble	Hydrochloric Acid	Potassium Sulphate
L-Ascorbic Acid	Iodine, resublimed	Potassium Thiocyanate
Barium Chloride, 2-hydrate	Iodine	Salicylic Acid
Barium Chromate	Lead Foil	Silica (quartz), white powder
Barium Hydroxide, 8-hydrate	Lead Powder	Sodium Acetate, anhydrous
Barium Nitrate	Lead Acetate	Sodium Bicarbonate
Barium Peroxide	Lead Carbonate	Sodium Bisulphate, 1-hydrate
Benzoic Acid	Lead Chloride	Sodium Carbonate, anhydrous
Benzyl Alcohol	Lead Dioxide	Sodium Chloride
Bismuth Carbonate, basic	Lead Nitrate	Sodium Nitrate
Bleaching Powder, 70%	Lead Sulphate	Sodium Nitrite
Bromothymol Blue	Lithium Chloride	Sodium Phosphate, 2-basic
Buffer Solution pH - pH13	Litmus, granulars	Sodium Sulphate
n-Butyl Alcohol 98-100% (1-Butanol)	Lycopodium Powder	Sodium Sulphite, anhydrous
iso-Butyl Alcohol, (iso-Butanol)	Magnesium Ribbon	Sodium Thiosulphate, 5-hydrate
Cadmium Sulphate, 8/3-hydrate	Magnesium Carbonate	Stannous Chloride, 2-hydrate
Calcium Bromide, 1-hydrate	Magnesium Chloride	Sulphamic Acid
Calcium Carbonate	Magnesium Nitrate, 6-hydrate	Zinc Powder
Calcium Chloride	Magnesium Oxide	Zinc Acetate, 2-hydrate
Calcium Hydroxide	Magnesium Sulphate	Zinc Carbonate, basic
Calcium Nitrate, 4-hydrate	Manganese Carbonate, x-hydrate	Zinc Chloride
Calcium Oxide	Manganese Chloride, 4-hydrate	Zinc Nitrate, 6-hydrate
Calcium Phosphate	Manganese Dioxide, powder	Zinc Oxide
Calcium Sulphate	Manganese Sulphate, 1-hydrate	Zinc Sulphate, 7-hydrate
